

Kindergarten Make & Take

Spring Quarter, 2017

Each learner needs his own make and take book with all the projects reserved for him. If he must be absent, see that he gets his copy of the Bible stories leaflet and the make and take page. Provide extra copies to keep in the classroom for occasional visitors and new members who join your class. The two sticker pages in the center of the book provide full-color add-ons for most of the projects.

Printed instructions for completing the projects are on each page with suggestions for using them printed below.

Lesson 1 **March 5, 2017** **Jesus Helps a Sick Woman**

Children enjoy making puppets of any kind. These stand alone for learners to use in applying the Bible principle of the lesson. Let the learner color the puppets before he cuts them out. The dotted line margin around the puppets gives the child that is learning how to manipulate the scissors a border in which to work. Use a craft knife to cut the slits. A child may not have muscle control to cut around the tabs, so offer to cut those for him. If they accidentally get snipped off, tape the puppet edges together. Let learners take turns sharing pretend stories with the puppets.

Lesson 2 **March 12, 2017** **Jesus Helps a Crippled Man**

If one of your learners has worn a cast to let a broken bone heal, talk with him about it while he colors the project. Talk about what might have happened to the boy in the picture to require a cast for his leg. God made our bodies with the wonderful ability to heal if given good conditions for mending. Discuss how we may help someone who has a cast or for some other reason must use a wheelchair. Add the sticker after completing the coloring.

Lesson 3 **March 19, 2017** **Jesus Helps a Blind Man**

There was no doubt in Bartimaeus' mind that Jesus could heal his blindness. He trusted Jesus to help him as he called out loudly to get Jesus' attention. We can have confidence in Jesus' help with daily matters of life like those listed on the picture wheel for this project. Children may not cut as exact as you would like to see, but remember they are developing skills through practice. Parents are glad to see the abilities their children show through projects completed themselves. Finish a wheel to use as a sample.

Lesson 4 **March 26, 2017** **Jesus Helps a Little Girl**

The boy and girl on the seesaw will move up and down when the bottom picture is cut out and attached over the stand with a brass fastener. Trim the top section along the solid line to make a smooth edge. Make up a tune for the memory verse words. Sing it as the seesaw moves up and down.

Lesson 5 **April 2, 2017** **Jesus Died for Me**

Some learners are spiritually mature enough to recognize themselves as sinners for whom Jesus died. Be alert for children who express a need to talk about receiving God's gift of eternal life. When they know for sure they need forgiveness to go to Heaven, then is the time to ask God for it. This project provides an excellent opportunity for stressing salvation.

Lesson 6 **April 9, 2017** **Jesus Lives Again**

Celebrating Jesus' resurrection is the purpose behind Christians worshiping on Sunday. He came back to life on the first day of the week, and Christians began meeting for worship and spiritual growth on that day. Learners should easily cut on the straight lines of the card. Show them how to fold the corners to meet the center. Add the stickers to complete the project.

Lesson 7 **April 16, 2017** **Jesus Goes Back to Heaven**

Become familiar with how to do this lesson reminder before sharing it with the learners. Color the picture and add the sticker of Jesus. Add a thin layer of cotton to the cloud. Give a single cotton ball to the learner to stretch to cover the cloud or provide a small piece of cotton batting. Fold line A to the back; fold line B forward.

Jesus talked to His disciples about the work He wanted His church to do. He promised God's power of the Holy Spirit to help them do God's work. Then Jesus began rising to Heaven. (Open the fold to show Jesus' going up.) Jesus went back to Heaven. He is making a place there for us to live someday.

Lesson 8 **April 23, 2017**
Jesus Loves Little Children

Let learners color the puppet stage first. Give them the puppet sticker with the ponytails snipped off for boys. You may reinforce the puppets to make them last longer. Stick them to thin cardboard and trim around puppet figure. Punch out the finger holes. Invite learners to pretend to be children of Bible times as they walk along the path to go see Jesus.

Lesson 9 **April 30, 2017**
Jesus Gave Us Two Good Rules

Making a sunshine picture reminds us to let the love of God shine through our lives. Poke just the point of the pencil through the paper to make a small hole at each of the dots. Follow instructions with the project for making one to show before the boys and girls begin working on them. Make the frame by folding a 1" border forward all around the outer edges of the design. Crease the corners diagonally to help the frame to stand up. Tape the designs over a window to allow the light to filter through.

Lesson 10 **May 7, 2017**
Jesus Forgave Zacchaeus

This project makes a good teaching aid. Have learners color the tree and road. The learners will enjoy retelling the Bible story using the project to illustrate it. Remove the sticker. Stick it to a piece of paper to reinforce the figure. Cut out around it. Getting the Zacchaeus figure taped to the string without making it permanent is the secret. It is not difficult. Have patience while assembling your sample so you can more effectively guide the children in making theirs. Here is a little trick: put a very small piece of tape in the center over the other adhesive side of the tape holding the Zacchaeus figure to the string. That provides a small section that is sticky free so the figure can slide up and down the string without sticking.

Lesson 11 **May 14, 2017**
Jesus Forgave the Jailer

What a surprise the jailer had upon finding the prisoners had not escaped when the earthquake came. Paul's witness led the jailer to receive Jesus as Savior. The message on the pinwheel is one every lost person needs. Have prayer to ask God to help the boys and girls witness to others with their pinwheels.

Lesson 12 **May 21, 2017**
Jesus Taught About Forgiveness

Learning to forgive over and over does not come easily to most. It is a choice made because Jesus said to do it. He knows what is best for us, and forgiveness certainly releases our bodies from the suffering of carrying grudges. Read aloud the real-to-life pretend story about mother rabbit and her little girl in the material of the teacher's guide while learners color the picture. Children understand that critters cannot think, talk and reason as we do, but they communicate effectively. Boys and girls will relate to the truth expressed in the story.

Lesson 13 **May 28, 2017**
Jesus Forgave His Enemies

Forgiving others frees our spirits and souls to have sweet fellowship with the Father. The life application reminder reflects that freedom. As long as nothing obstructs the rocking action, it moves with a slight touch. If you place an object in its path, however, it will stop rocking. The bitterness of an unforgiving spirit is like that object in our lives. It stops the freedom of forgiveness when we carry a grudge against someone.

Precut the heavy broken line inside the circle since it is more difficult for children to do. The solid line across the circle is for folding only.

Certificate. Use a calligraphy pen to letter the certificate for learners who earned the perfect attendance certificate.

How are each of these people helping make sick people well?

1. Color the puppets.
2. Cut out each figure.
3. Ask an adult to cut slits at the two lines and cut around the solid lines of the tabs.
4. Insert the tabs into the slits.
5. Think of a pretend story to tell with the puppets.

Lesson 2
March 12, 2017

Jesus Helps a Crippled Man

Brian knows Jesus loves him. Jesus is helping Brian's broken leg to heal under the cast. The cast keeps the bones from moving until they grow together again.

Color the picture. Add the sticker.

“Christ died for our sins.”

1 Corinthians 15:3

Jesus came to earth to be
our Savior.
He died to pay the penalty
for our sins.
He gave His life for you because
He loves you that much.

Share the joy of Jesus' resurrection by giving someone this special card.

1. Cut out the card on the solid lines.
2. Fold all the corners to the center on broken lines.
3. Add the three stickers to the folded up corners.
4. Say the Bible verse to share the good news with someone.

direction
Joy

Finger Puppet

Act out the story of the children going to see Jesus with the finger puppet and disciple figure from the sticker pages.

1. Color the scene on the front of this page.
2. Cut around the straight lines on the outer edges.
3. Fold the top section up.
4. Stick the disciple figure in the box shown.
5. Put your fingers through the holes in the puppet and walk it up the path to join the children around Jesus.

Lesson 8
Cut off ponytails
at hairline for a boy.

Lesson 4

Lesson 8
Cut out sticker
with backing,
peel only the
base and cut off.
