

Primary Make & Take

Jesus Demonstrates His Love

Spring Quarter, 2017

Children learn more by personal involvement in the lesson. That is the purpose for these lesson-related projects for learners to make.

Here is a timesaving tip that will make you happy all quarter. Start with thirteen file folders and label them Lesson 1 through Lesson 13. Remove the cover from all make and take books.

Remove all the sticker pages from the center of the books and place in a file folder. Open a book at the centerfold and use a paper cutter to cut half of the book's pages along the perforation line. Turn the book and cut the pages of the other half in the same way. Repeat this for all the books. Then separate and stack the pages by lessons. Save the back cover and put in with Lesson 4 folder. File each lesson by number in the file folders.

Weekly preparation time is cut greatly with this preparation. Simply pull the file for the lesson needed and all the project pages are ready to use. Pull the file with the stickers.

You have a special friend in Jesus. He is God – total love, power, knowledge and always present. This figure is a praise reminder to prompt you to have faith in Almighty God. He becomes your Father after you receive Jesus as Savior.

Add the Bible Insight verse sticker for this lesson. Cut out the hand shape carefully. Form a circle of a piece of tape with sticky side out. Use it to stick your reminder on the refrigerator for all the family, or put it by the light switch in your room.
